

# Default Shipping Method

## 1/ Default Shipping Method rules:

For recipients on our 1 or 2 day zipcode list we want to pre-select UPS Ground - code **UPS\_03**

So 1 or 2 day ground zips should default to **UPS\_03**

Everything else should default to **UPS\_02**

nothing should default to overnight / UPS\_01, that's the more expensive option and would only be used by request.

2/
